

GENERAL MOUSE BATTEN

PLANT TODAY TO GROW A FUTURE FOR TOMORROW

WHITE PAPER

ABSTRACT

General Mouse Batten is a sustainability driven project, created by the need to adapt and change with the developing world.

\$GMB Token will be released on the BSC Blockchain network of BNB.

All Creatures BIG and SMALL are welcomed to be a part of the GMB NEST exploring sustainability together. A place for all to Friend Share Connect to use their gifts, knowledge and passions for life.

As the GMB NEST grows, we shall develop sustainable tools and technology to distribute across the network creating a brighter sustainable future together.

PLANT TODAY TO GROW A FUTURE FOR TOMORROW

GMB TEAM GOALS

Here are some of General Mouse Batten Team Ambitions

TO DREAM OF A BETTER WORLD DOESNT HAVE TO STAY A DREAM

1

Successful launch of \$GMB token

2

Raise funds for real world projects

3

Development of web3 services GMBNEST

4

Deployment of grants for sustainability

5

Education on environmental problems

6

Formation of a trust to protect assets

ECOSYSTEM

With the power of social networking, delivering ambition, creativity, passion and the love of life, GMB offers a way for people to FRIEND SHARE CONNECT all over the world building awareness of world wide events solving real world problems together.

\$GMB Staking Rewards

Community members will be able to stake \$GMB tokens to earn a passive income rewards and we will continue to develop and improve the staking rewards system.

Burning Milestones of \$GMB

Throughout the development and success of \$GMB token, burns will be conducted to signal our confidence in the GMBNEST community increasing their value as members.

NFT and Art Gallery

The creation of a NFT reward system to embrace the ever expanding crypto world, while offering GMB artwork to its members, bringing fun and enjoyment around the world.

ECOSYSTEM

Developer Job Board

To keep up with the constant evolving technological world, here at GMB we are constantly looking out for talented developers with a passion for life and the drive to succeed, working along with new technology to create a sustainable future together.

GMB NEST

GMB NEST is the website / app for deploying \$GMB token services, web3 exploration, NFT creation, the area where all software developments will be released to members.

Sustainability Funding / Grants

Through the success of \$GMB token and money raised from the community, grants and funding will be made available for environmental sustainability projects.

With education and understanding we can create a sustainable world for all to have their own once upon a time.

Token-Nomics

\$GMB is the core token used within the GMBNEST ecosystem and will be at the heart of everything we create. What this means is \$GMB will be equipped with staking utility and will be used as the purchasing token for all developments at GMBNEST.

A total of 999,999,999,999,999 {999 trillion} \$GMB tokens will be allocated as follows.

CATEGORY	ALLOCATION	SUPPLY	USAGE
COMMUNITY MANAGEMENT	33%	333 Trillion	Reserved for marketing, operations and partnerships
LIQUIDATION MANAGEMENT	33%	333 Trillion	Reserved for liquidity management and community rewards
RESERVES MANAGEMENT	33%	333 Trillion	Reserved for burning and supporting all categories

Develop everone.life / edenisearth.com blockenisation

**App development for real world crypto sustainability
and scaling**

**Set Up Grants / Funding for sustainable environmental
projects**

Incorporation of trust

Risk Disclosures

Always consult your own advisors concerning the legal and tax implications and for any other advice you may need related to the use of the GENERAL MOUSE BATTEN platform and any \$GMB tokens exchanged.

Purchasing or staking any \$GMB tokens involves an element of risk and may lead to the loss of part or the whole principal amount or deposit advanced. Before purchasing or staking any \$GMB, diligently and thoroughly assess and consider all risks involved, including but not limited to the risks identified below and decide whether purchasing or staking any \$GMB would be inline with your risk profile and risk knowledge.

Risk Disclosures

This Whitepaper does not constitute a prospectus and does not constitute an offer of financial instruments and / or securities to the public or offer any way connected to a collective investment scheme. This Whitepaper, the \$GMB and the use, holding and trading of the \$GMB carry no rights, whether express implied, \$GMB do not represent or confer any ownership rights, shares, securities or equivalent rights, intellectual property rights or any form of participation relating to the tokens issuer or the GENERAL MOUSE BATTEN team [the "issuer"]. This Whitepaper is only up to date as of the date of publication, and we make no representation that the information it contains is accurate or complete subsequent to its date of publication.

Crypto assets are not registered as financial instruments and there is no refund or compensation available from any regulatory bodies. \$GMB do not give the holder thereof any entitlement to acquire any such interest or entitlement in respect of the issuer. Furthermore, the issuer is not obliged in any way to return any investment made in \$GMB.

THE UTILITY OF \$GMB OR THE PROJECT DESCRIBED IN THIS WHITEPAPER ARE NOT GUARANTEED TO BE DELIVERED OR BE SUCCESSFUL IN ITS AMBITION.

Risk Disclosures

Below is a non-exhaustive list of risk factors to consider in relation to trading and / or using \$GMB and otherwise participating in the project. These risks should be taken into consideration alongside all other information provided in the Whitepaper and participants are recommended to seek advice from their professional advisers, including their financial, accounting, legal, tax, or technical advisers or experts.

Risks include without limitation:

- **Partial or total loss of the invested amount;**
- **Extreme volatility with respect to market behaviour, market forces, transaction parameters and value attributed to the virtual assets;**
- **Market misconduct by participants, including, without limitation, market manipulation, trading on the basis of non-public information, front running;**
- **Denial of service attacks, Sybil attacks, spoofing, smurfing, virus attacks and any other similar events against the tokens or the underlying technology;**
- **Security flaws, defects, vulnerabilities, hacks, exploits, errors, changes, incompatibility or unforeseen circumstances affecting the tokens smart contract, the projects website or the technology which the project depends on;**
- **Delisting or a collapse in liquidity with respect to the tokens;**

Risk Disclosures

- **Decentralisation, including decentralised decision making;**
- **Counterparty risk;**
- **Loss or compromised private keys;**
- **Regulatory uncertainty, changes and enforcement action against tokens, projects or persons involved in crypto activities, including without limitation, the prohibition of digital assets in certain jurisdictions;**
- **Internet transmission risks, failure of hardware or failure of software or other technologies on which the tokens and project may rely; and**
- **Delays in or complete failure of virtual asset transactions being confirmed.**

This list of potential risks is not exhaustive and is not intended to capture the extent of all possible risks. In the event of any of the above occurring, you may lose your virtual assets entirely. Participants should consider all of the above and assess the nature of, and their own appetite for relevant risks independently and consult their own professional advisers before making any decisions to participate in the project.

PARTICIPANTS INTERACT WITH THE PROJECT AT THEIR OWN RISK. WE STRONGLY URGE YOU NOT TO PURCHASE OR STAKE ANY \$GMB IF YOU ARE UNCERTAIN ABOUT ANYTHING IN THIS WHITEPAPER OR IF YOU ARE NOT PREPARED TO LOSE THE MONEY YOU SPENT PURCHASING OR STAKING \$GMB.
